

## Hockey is Back!

Hockey Canada has instituted pathways for U11 that introduced the "Preparation Phase". Think of this as a hockey school and a great way to shake off the rust prior to the formal evaluations. The preparation phase will consist of 4 skill-based sessions. **These sessions are 100% optional.** Sessions are open to all players in U11 age category (both house and rep players). The cost of 4 sessions will be \$70 inclusive. Interested players must sign up through the process below

There is a 3-step process to sign up.

### **Step #1**

You need to register with the association. This can be done following this link

<https://www.nbmha.ca/registration/>

If your intent is to play House League and not take part in prep, this is the only step you need to follow.

### **Step #2**

If you are interested in signing up for the Prep Phase, please register through the following link.

<https://go.teamsnap.com/forms/316024>

This is open to all players, is 100% optional and has a cost of \$70 for the 4 skates.

### **Step #3**

If you are interested in trying out for a Rep team (AA or A), you need to register for tryouts in advance through this link. <https://go.teamsnap.com/forms/332318>

The fee for tryouts is \$30. You are guaranteed a minimum of three skates.

\*\*\*If you are a player from a neighboring community looking to try out for an AA team, please follow the process below\*\*\*

### **Step #1**

Obtain a permission to skate from your association and upload it during your registration and/or email it to [nbminorhockey@outlook.com](mailto:nbminorhockey@outlook.com)

In the email, please include the players name and the team they are trying out for.

### **Step #2**

Sign up for the tryout through this link <https://go.teamsnap.com/forms/332318>.

If you are successful in making the team, you can then register for the association through this link. <https://www.nbmha.ca/registration/>

Please see the list of Prep Phase, Try outs and evaluation times below.

Where there are multiple times listed you will be given a specific time closer to that date:
